

Vehicle Engine Identification

Identificación del motor del vehículo

Domestic Vehicle Identification No. (VIN) Location

- Engine codes are designed to give positive identification of the engine in the vehicle.
- Location and information for engine identification varies with models and years and refers only to the engine originally installed.
- To insure correct spark plug application check as illustrated to determine the engine code.
- Refer to the catalog column heading "Engine/VIN Code" to determine spark plug recommendations.

Import Vehicle Identification No. (VIN) Location

- A. Inside unit on left side.
- B. Upper left corner of fire wall.
- C. Stamped on front of engine near fuel pump.
- D. Stamped on left or right top side of engine block.
- E. Right front wheel house.
- F. Upper right corner of fire wall.
- G. Top of engine block at rear center between cylinders.
- H. Lockface of left front door.
